Job Description

Our client is world leading technology of electronic & electrical; we are looking for potential candidate of ;

Position: CAD engineer (electronic & home appliance)

Location: Ban bueng, Chonburi

Salary: 40,000 - 50,000 (Depend on Experience)

Responsibilities:

- Develop 3D models, assemblies, and technical drawings using Creo 4.
- Finalize and release drawings through Windchill PDMLink, including the use of the Electronic Engineering Change Notice system and View & Print tools.
- Provide design support across multiple product lines.
Contribute to all stages of the product development lifecycle, including prototyping, testing, pilot production, and implementation.
- Ensure compliance with company-wide CAD design standards.
- Manage and maintain top-level layout assemblies for assigned product lines.
- Create and update technical documentation and part manuals using Adobe FrameMaker.
- Adhere to relevant quality and safety standards, including ISO 9001, ISO 14001, and ISO 45001.

Qualifications

- Bachelor's degree in mechanical design or closely related.
 - 3–5 years of experience with 3D AutoCAD for PTC Creo (Creo any version)
 - Knowledge of Family Tables, Large Assemblies, Sheet Metal, Plastics/Castings
 - Basic experience with Adobe FrameMaker
 - Understanding of ISO 9001.
 - Good command of English (spoken and written)
-
- Background in home appliances or electronics would be considered an advantage.
