### Job Description

#### COMPANY OVERVIEW

A globally recognized construction contractor with extensive experience in delivering large-scale commercial and infrastructure projects. The company operates in Vietnam with a professional project office based in Ha Long City, Quang Ninh Province, supporting ongoing construction activities in compliance with international standards.

#### JOB RESPONSIBILITIES

- Check and coordinate M&E (Mechanical and Electrical) system drawings to ensure consistency and site applicability.
- Review and modify sub-contractor drawings for site compatibility.
- Handle Quantity Survey (QS) tasks related to MEP works.
- Manage IBO (design change adjustments per client instructions) during construction.

- Assess monthly completed value of MEP works and conduct quantity assessments for contractor settlements.
- Supervise on-site MEP works, including electrical systems, escalators, elevators, conveyors, air-conditioning, sanitary equipment, and piping systems (rainwater, water supply, and drainage).
- Perform additional tasks as assigned during interviews.

#### JOB REQUIREMENTS

- Degree: Bachelor's degree in Electrical or Mechanical Engineering.
- Experience: Minimum 10 years of experience in building projects, especially large-scale commercial facilities or shopping malls.
- Experience with international companies (especially Japanese firms) is an advantage.
- Technical Skills: Proficient in Revit, AutoCAD, Microsoft Office, and other specialized software.
- Language: Strong English communication skills (written and verbal).
- Soft Skills:
  - Excellent organizational and multi-tasking abilities.
  - Detail-oriented and capable of working independently.
  - Strong teamwork and communication skills.
  - Honest, hard-working, proactive, and creative.
- Work Location: Ha Long City, Quang Ninh Province (project site office).

#### BENEFITS

- Salary: Competitive and based on qualifications and experience.
- Bonuses: Year-end bonus based on work performance.
- Allowances: Phone and accommodation allowance (for site-based roles).
- Insurance: Full social, health, and unemployment insurance in accordance with Vietnamese labor law.
- Working Environment:
  - Multinational, professional environment.
  - Direct collaboration with diverse departments and exposure to various project aspects.
- Leave:
  - Annual leave: 12 days per year (as per labor law).
  - Public holidays and Tet holiday as regulated.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
