Job Description

Company and Job Overview

Our client is a leading manufacturer of high-quality aluminum products, we specialize in providing innovative solutions for the construction sector, ensuring durability and excellence in every project. The office located in Petaling Jaya, and is looking for a talent to be a part of the sales team, having an engineering background would be advantageous. The role involves reviewing AutoCAD drawings and delivering presentations to architects and contractors.

Job Responsibilities

- Deliver presentations to architects and contractors.
- Analyze and interpret technical drawings.
- Market aluminum architectural products to construction clients.
- Assist with project and client needs during both pre-sales and post-sales phases.

Job Requirements

- Preferably with an engineering background.

- Proficiency in Mandarin, English, and Bahasa Malaysia is required.
- At least 3 years of experience in sales or marketing of construction products.
- Capability to read and understand AutoCAD drawings.
- To be considered for this role, the relevant rights to work in Malaysia are required. Candidates who require work pass need not apply.
