Job Description

Job Description:

Enfinity is looking for a versatile and entrepreneurial Accountant that will provide support to the Company's Controllershship team in Europe.

The position requires the candidate to have, among others, a strong appetite for an entrepreneurial venture, solid academic track-record, basic financial knowledge, strong attention to detail, and the ability to work with tight deadlines set by a highly demanding team.

Key responsibilities:

- Interconnection (IX) Process Management:
 - o Lead the end-to-end interconnection process with Japanese utilities, including application submission, contract negotiation, and compliance with local regulations (e.g., OCCTO requirements).
 - o Engage directly with utilities, regulators, and stakeholders to resolve technical and procedural challenges.
- Design Oversight & Technical Guidance
 - o Review and approve internal engineering / third-party consultants' grid connection designs, drawings, and studies to ensure alignment with project goals and Japanese grid standards.
 - o Define overarching architecture for IX infrastructure (e.g., substations, transmission lines).
- Interconnection Strategy Development

- o Advise on optimal grid connection points, considering capacity, cost, and curtailment risks.
- o Conduct or oversee curtailment assessments to mitigate revenue risks for PV/BESS projects.
- EPC Management for IX Infrastructure
 - o Oversee detailed design, specifications, and construction of transmission lines (T-Line) and substations.
 - o Manage procurement, equipment selection, and contractor performance during IX infrastructure deployment.
- Ensure compliance with safety, quality, and timeline targets.
- Regulatory & Compliance Coordination
 - o Secure permits and approvals while ensuring adherence to Japan's grid codes, utility requirements, and energy policies.
 - o Maintain up-to-date knowledge of evolving regulations and market practices.
- Cross-Functional Collaboration: Act as the technical liaison between internal teams (project development, legal, finance) and external partners (consultants, EPC contractors, utilities)

主要な責任

- Accounts Payables follow-up.
- Lead the month-end close process, consolidation, and internal reporting activities.
- Provide guidance to the business and monitor effectiveness of the Procure-to-Pay/PO process.
- Ensure compliance with GAAP and internal policies and procedures.
- Review balance sheet reconciliations, ensuring transactions are properly reported in accordance with GAAP, internal accounting policies and procedures and timely performed based on the monthly closing schedule.
- Responsible for coordination of internal and external financial audits.
- Establish and monitor the accounting control procedures.
- Resolve accounting discrepancies and irregularities.
- Supporting other elements of the monthly, quarterly and annual financial statement close process and reporting including balance sheet reconciliations and independent audit support.
- Ensure compliance with relevant laws and regulations and integrity of financial data.

Reporting

- Liase with external consultants and provide information for preparation of the different local tax declarations and annual accounts.
- Supervise, revise and maintain accuracy for all tax-related presentations and tax-related matters for subsidiaries under his/her responsibility.
- Maintaining reconciliations between US GAAP and local GAAP accounts.

Job Placement: Tokyo, Japan

Employment Status: Full-time

Required Skills

Required Skills:

We are looking for a pro-active, motivated individual with strong appetite to learn and improve on a daily basis, who would like to be part of a fast-paced, newly created company poised for growth in one of the most rapidly changing industries.

- Degree in Accounting, Economics, Finance or Business Administration.
- Solid Knowledge of USA GAAP or IFRS
- Good understanding of accounting for fixed assets, derivatives, deferred loan issuance costs and leases.
- Excellent spoken and written Japanese and English.
- Attention to detail and accuracy.
- Well-organized and deadline-driven.
- Able to work with high number of legal entities at the same time.
- Proficiency in Excel.
- Previous experience working on Netsuite or similar accounting platform is a plus.
