Job Description

What You'll Do:

- **Lead the Charge:** Coordinate and oversee security testing for our IT services, ensuring top-notch protection.
- **Collaborate & Innovate:** Work closely with the Regional Information Security Officer (RISO) to implement cutting-edge security measures.
- **Be the Expert:** Act as a Subject Matter Expert (SME) for new applications and projects, providing invaluable security insights.
- **Drive Discussions:** Facilitate post-test discussions and lead triages with testing and IT project teams.
- **Vendor Security:** Assist in assessing vendors from a security perspective.
- **Represent InfoSec:** Be the face of InfoSec in weekly change review meetings.
- **Maintain Excellence:** Keep meticulous records of security activities and support audits.

- **Manage & Secure:** Oversee security processes, standards, and procedures, and collaborate with external Security Service Providers to secure our cloud environment.
- **Report & Support:** Provide timely status updates to the RISO and management, and support security awareness initiatives in the APAC region.

What We Need:

- **Experience:** At least 12 years in Information Security and GRC.
- **Expertise:** Strong background in Secure Application and System Development, Cloud Security, and Security Project Management.
- **Skills:** Proficiency in risk management, excellent English communication skills, and familiarity with Business Continuity, Disaster Recovery, Security Operations, and Incident Management.
- **Certifications:** Industry-recognized certifications (e.g., CompTIA Security+, CISM, CRISC, CISSP).
- **Mindset:** A self-starter who can manage end-to-end assignments with minimal supervision.
- **Knowledge:** Familiarity with cybersecurity best practices and frameworks (e.g., ISO27000, OWASP Top 10), and experience with cloud security configurations (MS Azure, AWS).
- **Understanding:** Knowledge of security breach protocols and attack vectors.

If you're ready to take on a challenging and rewarding role in a regional setup, working with remote stakeholders and making a real impact on our security landscape, we want to hear from you! Apply now and be a part of our mission to secure the future of eCommerce in APAC.
