Job Description

An international e-commerce company is looking for a Senior Program Manager S&OP. The chosen applicant will be at the forefront of planning and coordinating major sale events, driving execution success with various teams.

An international eCommerce and cloud computing company, this organisation is one of the largest and most successful internet companies in the world. With a vast network of operations stretching across the globe, this organisation continues to grow through its highly successful eCommerce model.

Keywords:

Job Ref: 6F6Q0B

Responsibilities:

- Plan and coordinate major sale events in partnership with S&OP, OTR and UTR Capacity Planning, and Channel teams
- Decide on peak strategy inputs, get leadership sign-offs on debate topics, coordinate timelines across various stakeholders, and manage dependencies
- Ensure sustained improvements in Peak planning processes by diving deep into root causes for deviations
- Drive reporting best practices in partnership with LMEA and ORBIT teams
- Lead leadership and operational reviews in preparation for sale events
- Coordinate whistle-stops across the company to ensure preparedness ahead of major peak events
- Maintain regular communication with EU and NA S&OP and planning teams to leverage experience

Requirements:

- Master's degree or MBA in business, operations, human resources, adult education, organisational development, instructional design, or a related field is preferred
- More than 5 years of program or project management experience
- More than 3 years of experience with SQL, Python, advanced Excel, and databases is preferred
- More than 2 years of experience driving process improvements is preferred
- Experience using data and metrics to determine and drive improvements
- Experience owning program strategy, end-to-end delivery, and communicating results to senior leadership
- Proficient in MS Excel (background in processing and extracting insights from data)
- Excellent verbal and written communication and interpersonal skills
- Business level written and verbal Japanese and English

Company Description

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
