### Job Description

About the company:

■ High-Growth, Post-IPO Company: Recently completed an IPO and multiple acquisitions, now entering a phase of global expansion and integration.

■ AI-Driven Innovation: Invests heavily in AI as a strategic differentiator, with a suite of cutting-edge, tech-enabled solutions serving thousands of customers.

■ Proven Market Traction: Strong customer base across the Asia-Pacific region, with a clear mission to enhance user experience and operational efficiency through technology.

Who are you?

- A lead for initiatives focused on growth and customer value.
- Someone who guides architecture, solutions, and team direction.
- Someone who ensures AI efforts support business objectives.

Why you should apply?

- Flexible Work Setup: Mostly remote with minimal in-office presence.
  - A diverse team
  - Leadership Opportunity: Play a key role in industry transformation through AI.
- 

## Required Skills

Requirements:

- 5+ years in AI/ML roles, including leadership experience.
  - Proven track record leading AI projects end-to-end, with expertise in deep learning, personalization, recommendation systems, and NLP.
  - Strong technical skills in ML frameworks (TensorFlow, PyTorch), MLOps tools, and cloud AI deployment (GCP, AWS, Azure).
  - Business level English.
-
