Job Description

Our Mission: Driven by our mission of balancing business and social contribution, we have developed and operated "skyticket", a travel booking site that allows users to search and reserve affordable airfare and hotels.

Our Achievements:

- Over 20 million downloads of our app since its release in 2015
- Profitable even during the COVID-19 pandemic, demonstrating resilience across the travel industry
- Record-breaking profits achieved in June 2023
- Expansion to 6 subsidiaries overseas

- Our Global Workforce: The percentage of international employees hired exceeds 50%, we are fostering a truly global development environment.

Why Join Us?:

- Embrace a Global Environment Join a team of talented individuals from Amazon headquarters, Accenture, Salesforce, and our Future Creator talent acquisition program. Thrive in a multicultural environment, working in both Japanese and English, enhancing your soft skills and increasing your market value.
- Drive Innovation and Growth Be part of a company that actively creates new businesses, having launched three new services since 2023. Contribute to cutting-edge AI solutions that are shaping the future of travel.
- Seize Opportunities for Career Advancement Develop your global expertise and gain valuable experience that will set you apart in the job market. Take on challenging projects and make a real impact on our company's success. In today's rapidly evolving landscape where AI is playing an increasingly prominent role, simply coding skills are no longer enough to guarantee market value.

For those seeking a global challenge and the opportunity to make a difference, "skyticket" offers a wealth of opportunities.

Summary: We are seeking an experienced Cloud Engineering Manager to join our dynamic team. You will lead complex development projects and manage our global Infrastructure team. This role requires leadership in technical design, execution, and mentoring, ensuring high-quality infrastructure services are delivered on time and within budget.

Responsibilities:

- Lead and mentor a team of cloud engineers.
- Design, provision, and maintain cloud infrastructure primarily on GCP using Terraform, with support for AWS as needed.
- Manage and optimize Kubernetes environments, focusing on EKS and GKE.
- Identify and resolve infrastructure issues, providing structured solutions.
- Oversee and enforce security policies, procedures, and compliance frameworks.
- Conduct vulnerability scans, penetration testing, and regular security assessments.
- Align infrastructure strategies with business goals.
- Stay up-to-date with industry trends and continuously improve processes.

Additional Opportunities:

- Experience in modernizing and globalizing a service with over 7 million MAUs
- Experience working in a global team environment
- Experience collaborating with offshore companies

Technology Stack:

- Infrastructure: GCP, AWS, Azure
- Containerization and Orchestration: Docker, Kubernetes
- CI/CD Pipeline: GitHub Actions, CloudBuild
- IaC: Terraform
- Database: MySQL, PostgreSQL
- Web server: nginx, apache, tomcat
- Version Control: GitHub
- Monitoring and Logging: Prometheus, Grafana, Cloud Monitoring

Required Skills

Required Skills/Experiences:

- Proven leadership in managing infrastructure teams and cloud environments.
- Hands-on experience with AWS and/or GCP using Terraform.
- 1+ years of production experience with Kubernetes.
- Strong understanding of DevSecOps and infrastructure security.
- Experience working in Agile/Scrum environments.
- Strong communication and problem-solving skills.
- Business-level English proficiency (Japanese not required).

Desired Skills/Experiences:

- 3+ years of experience with GCP and/or AWS.
- Familiarity with GitHub Actions and CI/CD tools.
- Knowledge of monitoring tools and observability practices.
- Experience in security auditing and PCIDSS.
- Understanding of scalability and reliability patterns.

The kind of person we are looking for:

- Those who embrace challenges and adapt quickly.
- Positive, proactive individuals.
- Strong team players.
- Able to work efficiently and communicate well.
- Comfortable in English-speaking environments.
