ICS Business Overview:

DuPont Interconnect Solutions solves signal integrity and power and thermal management challenges with advanced interconnects from chip packaging, IC substrate, PCB to assembly. We enable mega trends of AI, high-performance computing, electric vehicles, ADAS, 5/6G, smart consumer electronics, and high-reliability industrials.

With our industry-leading and comprehensive product portfolio, we enable high performance, reliability, and innovation across the electronics, automotive, telecom, healthcare, and aerospace industries.

Job Description:

We are seeking an ambitious and driven MBA Intern to join our dynamic Commercial Team. This position will provide valuable hands-on experience in areas such as sales excellence, marketing, and business analysis. The ideal candidate will possess strong analytical skills, business acumen, excellent communication abilities, and a passion for working in a collaborative environment.

Key Responsibilities:

- Assist in conducting market research and analysis to identify trends and insights that support business strategies.
- Support the sales excellence team by analyzing sales data, performance metrics, and developing actionable recommendations.
- Collaborate with team members to create presentations and reports for management.
- Participate in strategy sessions to brainstorm and implement solutions to improve sales performance.
- Provide administrative support as needed for various projects and initiatives.

What We Offer:

- Opportunity to gain hands-on experience in a real-world business environment.
- Mentorship and guidance from experienced professionals.
- Flexible work hours to accommodate your academic schedule.
- Potential networking opportunities and career development.

Required Skills**Qualifications:**

- Currently enrolled in an MBA program or a related field at an accredited institution.
- Bachelor's or Master's degree majoring in Engineering/Science or related field is highly preferred.
- Strong analytical and problem-solving skills, with proficiency in Excel and data analysis tools.
- Excellent written and verbal communication skills.
- Fluent Japanese skills (N1 level is a must)
- Ability to work independently and collaboratively in a fast-paced environment.
