### About the Company

This company fosters a performance-driven culture where employees are empowered to take ownership, solve complex challenges, and thrive in an environment built on trust and collaboration. The organization places high value on work-life balance, personal growth, and continuous improvement.

## Responsibilities

- Prepare monthly, quarterly, and annual financial statements for internal reporting.
- Monitor standard cost accuracy and analyze variances versus actuals; recommend corrective actions.
- Partner with Financial Analysts to assess financial results and provide insight to support business goals.
- Support financial rolling forecasts including P&L, inventory, cash flow, and working capital.
- Conduct ad-hoc financial estimates and analysis to support strategic decision-making.
- Collaborate with cross-functional teams as a trusted financial business partner.
- Utilize tools like OneStream and Spotfire for advanced financial analysis.
- Identify and mitigate financial risks proactively.
- Ensure compliance with internal controls and Sarbanes-Oxley regulations.
- Promote automation and efficiency in financial processes.

## Requirements

### Education:

- Bachelor's degree in Accounting, Economics, or Business Administration.

### Experience:

- Minimum 5 years of experience in Accounting or Business Administration.
- Experience with standard costing in a manufacturing environment, ideally with SAP.
- Knowledge of US GAAP and J-GAAP.
- Familiarity with Japanese fiscal and legal regulations.

### Skills & Tools:

- SAP (strongly preferred)
- Microsoft Excel, PowerPoint, Word
- Nissho Bookkeeping Level 2 (日商簿記2級)
- Strong analytical and problem-solving abilities
- Team player with strong collaboration skills
- Proactive and adaptable with a continuous improvement mindset
