Job Description

Company Overview

A company in the financial services industry is hiring for a Service Delivery Management Assistant Vice President position. This role offers exciting opportunities to work on diverse projects and initiatives, supporting clients in their transition to a sustainable future.

Job Description

- Lead the design, development, and optimization of algorithmic trading systems for the eFX business.
- Build and scale technical infrastructure to support business growth across the EMEA region.
- Manage full project lifecycles using Agile and waterfall methodologies.

- Collaborate with stakeholders across Japan, EMEA, and the Americas to align project goals and execution.
- Ensure solutions meet business needs, quality standards, and regulatory requirements (e.g., MiFID II).
- Provide operational support and incident response as needed, without compromising strategic initiatives.

Qualifications

- Proficiency in **both Japanese and English** for effective stakeholder communication.
- Significant experience in **IT within the banking/trading industry**.
- Strong knowledge of **FX and derivative trading systems**.
- Proven project management skills with experience in Agile and waterfall methodologies.
- Experience in delivering full development lifecycles and building scalable infrastructure.
- Familiarity with regulatory frameworks such as MiFID II.
- Experience in cross-regional collaboration and stakeholder management.
- Strong analytical, problem-solving, and communication skills.
- Ability to manage multiple priorities in a fast-paced, multicultural environment.
- High level of integrity, adaptability, and self-motivation.
- Strong interpersonal and negotiation skills.

Benefits

- Hybrid and flexible working.
- Competitive paid leave days.
- Private medical insurance and life and invalidity insurance.
- Robust behavioural health network with counselling and coaching services.
- Access to a wide range of learning and development opportunities and career progression.
- Ambitious remuneration package.
