Job Description

Company Overview

Our client is an innovative leader in the robotics and automation industry, dedicated to transforming cleaning and facility management through cutting-edge robotic solutions. As they continue to drive growth and expansion, they are now seeking a Procurement Director to join their team and contribute to their ongoing success.

Key Responsibilities

- Demonstrated success in securing significant volume-weighted Bill of Material (BOM) cost savings through effective negotiation strategies.
- Proven ability to reduce overall operational expenses (OPEX) by implementing innovative and sustainable cost-saving measures.
- Expertise in streamlining inventory management processes, minimizing excess stock, and improving turnover ratios.
- Strong track record of enhancing supplier performance through regular evaluations centered on delivery timeliness, quality assurance, and competitive pricing.
- Leadership in formulating procurement strategies aligned with long-term growth and operational excellence.
- Deep understanding and application of strict cost control practices to optimize resource allocation.

Key Requirements

- Bachelor's degree in Supply Chain Management, or a related field.
- Extensive experience in procurement, strategic sourcing, or supply chain management, preferably at a director level.
- Excellent negotiation, communication, and interpersonal skills.
- Demonstrated ability to develop and implement procurement strategies that support organizational growth.
- Strong analytical skills with a focus on cost analysis, inventory management, and supplier evaluation.
- Proven leadership capability, with experience managing cross-functional teams.
- Ability to thrive in a fast-paced, dynamic environment with a focus on continuous improvement.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
