Job Description

COMPANY OVERVIEW

Our client is an international leader in providing **Environmental Testing** solutions.

JOB RESPONSIBILITIES

We are seeking a dynamic and experienced Service Manager to join our team. The ideal candidate will have a strong technical background in environmental testing customer service. This role involves working closely with customers to understand their needs, providing technical support, and driving sales of our Environmental Testing solutions

- Lead and manage a team of service engineers to ensure high-quality technical support and service delivery.
- Develop and implement service policies, procedures, and standards to enhance service efficiency and customer satisfaction.
- Oversee the diagnosis, troubleshooting, and repair of equipment and systems on client sites.

- Conduct regular performance reviews and provide training and development opportunities for the service team.
- Coordinate the installation and commissioning of new equipment, ensuring adherence to standards and client specifications.
- Maintain accurate records of services performed and manage service documentation efficiently.
- Collaborate with the sales and technical teams to provide comprehensive support during the sales process and after-sales service.
- Address and resolve customer complaints and service issues promptly.
- Stay updated with the latest industry trends, technologies, and service techniques.
- Ensure compliance with health and safety regulations and company policies.

JOB REQUIREMENTS

- **Experience:**
 - 5-7 years of experience as a service engineer, with a minimum of 1 year in a people management role.
- **Education:**
 - Graduate from a technical or engineering school.
- **Language Skills:**
 - Proficient in English and the local language.
- **Travel:**
 - Must be able to travel to client sites within 2 hours from Hanoi using their own car.

Interested candidates are invited to submit their resume and cover letter to **bao.do@jac-recruitment.com**.

We look forward to hearing from you!
