Job Description

Company and Job Overview

A reputable Japanese IT solution provider company

Job Responsibilities

- Engage in the development of AI-driven chat functionalities, focusing on enhancing user interactions.
- Design and implement chatbot solutions leveraging OpenAI technologies to improve communication capabilities.
- Work closely with cross-functional teams to create a scalable and efficient backend for AI chat services and data integration.
- Construct and maintain reporting infrastructures using Google Cloud Platform for optimized data analysis.
- Drive the development of new features, resolve technical issues, and propose enhancements to strengthen product and system stability.
- Produce clean, maintainable, and efficient code to ensure long-term product reliability and scalability.

Job Requirements

- Bachelor's degree in Information Technology, Computer Science, Data Science, or related fields.
- At least 3 years of experience in backend development with strong proficiency in Python and its associated libraries/frameworks.
- Familiarity with Docker and Kubernetes, along with hands-on experience working with cloud platforms such as Google Cloud Platform (GCP).
- Ability to design and implement RESTful APIs using frameworks like Next.js or Express.js, and proficient in version control with Git.
- Solid understanding of data structures and algorithms, with expertise in SQL databases (MySQL, PostgreSQL, MongoDB) and familiarity with NoSQL databases.
- Experience with unit testing and integration testing; strong English communication skills and effective teamwork abilities. Knowledge of front-end technologies (React, Next.js) and large-scale system design is a plus.

Job Benefit

- MacBook Pro is provided for work purposes.
- Full compliance with social, health, and unemployment insurance as per the Labor Code, along with PVI insurance for the employee and one family member.
- Enjoy 12 days of annual leave, plus an additional day off for your birthday.
- Salary is reviewed twice per financial year, with a half-year bonus
- Participate in an annual company trip, yearly health check-ups
