## Job Description

### COMPANY OVERVIEW

A company specializes in optimizing paper manufacturing processes and preventing defects and paper breaks. They focus on enhancing productivity and operational support in paper mills through the development of anti-contamination chemicals, application devices, and integrated control systems. Their innovations aim to improve efficiency and ensure high-quality paper production. These solutions are widely adopted in the industry to maintain smooth and efficient operations.

### JOB RESPONSIBILITIES

- Visit clients in Spain for equipment maintenance, customer satisfaction checks, and gathering new needs.
- Measure installation sites and create installation diagrams, conduct meetings with customers on installation schedules and task distribution.
- Perform equipment installation and follow-up on its effectiveness.

- Serve as the contact point for assigned customers.
- Periodic visits (once every 1-2 months) to European HQ in Düsseldorf for information exchange.

#### **JOB REQUIREMENTS**

- Business-level Spanish and English.
- Around 5 years of practical experience.
- Experience in machinery maintenance and creating diagrams.
- Valid driver's license.
- Proficiency in Word, Excel, and PowerPoint.

#### **BENEFITS**

- Base location is your home, with visits to clients by using a car or public transport. (No company car to be provided.)
- Initial 1-2 months of training and OJT in European HQ located in Düsseldorf.

**Notice:** By submitting an application for this position, you acknowledge and consent to the disclosure of your personal information to the Privacy Policy and Terms and Conditions, for the purpose of recruitment and candidate evaluation.
