Job Description

COMPANY OVERVIEW

A company specializes in optimizing paper manufacturing processes and preventing defects and paper breaks. They focus on enhancing productivity and operational support in paper mills through the development of anti-contamination chemicals, application devices, and integrated control systems. Their innovations aim to improve efficiency and ensure high-quality paper production. These solutions are widely adopted in the industry to maintain smooth and efficient operations.

JOB RESPONSIBILITIES

- Visit clients in Spain for equipment maintenance, customer satisfaction checks, and gathering new needs.
- Measure installation sites and create installation diagrams, conduct meetings with customers on installation schedules and task distribution.
- Perform equipment installation and follow-up on its effectiveness.

- Serve as the contact point for assigned customers.
- Periodic visits (once every 1-2 months) to European HQ in Düsseldorf for information exchange.

JOB REQUIREMENTS

- Business-level Spanish and English.
- Around 5 years of practical experience.
- Experience in machinery maintenance and creating diagrams.
- Valid driver's license.
- Proficiency in Word, Excel, and PowerPoint.

BENEFITS

- Base location is your home, with visits to clients by using a car or public transport. (No company car to be provided.)
- Initial 1-2 months of training and OJT in European HQ located in Düsseldorf.
