Job Description

As the Seafreight Supervisor, you will lead the department's service performance and results, improve the company image, and will have the chance to directly impact the business by devising actions for the improvement of the Team and its operations.

Client Details

Our client is a logistics pioneer that offers comprehensive transport and supply chain services (land transport, air & sea freight, and full-spectrum logistics solutions like warehousing, e-commerce, distribution), innovative digital platforms, and strong sustainability practices.

Description

As the Seafreight Supervisor, you will lead the department's service performance and results, improve the company image, and will have the chance to directly impact the business by devising actions for the improvement of the Team and its operations. Among the main responsibilities you will get to handle the following:

- Lead and support the team and measure and monitor staff's performance and service quality

- Report department performance/result and news monthly to management, through monthly department meetings
- Maintain contact with key clients to ensure high levels of client satisfaction
- Issue quotations to customers and network where necessary
- Ensure accuracy of documents produced and data integrity in transport system
- Conduct rate negotiations with carriers and subcontractors

Job Offer

- The opportunity to directly impact and lead the CS and Operations Team performance
- A chance to build expertise in the transport and distribution industry.
- Supportive company culture with structured processes.
- Permanent role with opportunities for career development.
