Job Description

Position Overview:

Our client is a global leader in designing and manufacturing high-performance interconnect systems for industries such as automotive, aerospace, industrial, and consumer electronics, with strong operations in Vietnam and other key hubs.

Sourcing Manager

Location: Bac Ninh, Vietnam

Key Responsibilities:

- Develop and implement sourcing strategies to optimize cost, quality, and supplier performance.
- Lead supplier selection, price negotiation, and contract management.
- Collaborate with cross-functional teams (engineering, production, planning) to meet project and production goals.
- Monitor supplier performance and drive continuous improvement.

- Identify risks in the supply chain and develop mitigation plans.

Requirements:

- Bachelor's degree in Supply Chain, Business, Engineering, or related fields.
- Minimum 5 years of sourcing or procurement experience in a manufacturing environment.
- Strong negotiation and supplier management skills.
- Proficiency in English (Chinese is a plus).
