Job Description

Our client stands at the forefront as a manufacturer, supplier, and provider of quintessential products and services encompassing the fibre optic industry. Currently hiring for the role of QC Executive, we welcome you to apply and be a part of our talented team as we commit to becoming a holistic provider of solutions, integrating the best of technology and innovation!

Job Responsibilities

- Oversee quality control for incoming materials, in-process production, and outgoing products.
- Develops and implements standards and methodologies for inspection, testing, and evaluation to ensure product quality and compliance with customer and regulatory requirements.
- Maintain and analyze quality data and KPIs to identify trends and drive continuous improvement.
- Work closely with Operations and Sales to address quality issues and prevent recurrences.

- Ensure production activities are carried out according to production needs that meet operational goals.
- Responsible for QC department document filing system.

Job Requirements

- Min 1-2 years of work experience. Fresh grads are welcomed to apply.
- Knowledge in ISO 9001 is an added advantage.
- Strong analytical abilities to analyze data, identify trends, and solve Quality related issues.
- Proficiency in creating and maintaining QC documents.
