Job Description

The FP&A Manager will play a vital role in the organization, focusing on financial planning, analysis, and reporting to support business decisions. This position in the healthcare industry, based in Tokyo, requires strong analytical skills and attention to detail.

Client Details

This opportunity is with a large organization operating in the healthcare sector. They are known for their innovative solutions and commitment to advancing healthcare. With a strong presence in Tokyo, they offer a professional environment focused on growth and excellence.

Description

- Prepare and analyze financial reports to support strategic decision-making.
- Collaborate with cross-functional teams to develop budgets and forecasts.
- Monitor financial performance and provide variance analysis against budget and forecasts.
- Identify and communicate key financial trends and risks to stakeholders.
- Support the implementation of financial systems and process improvements.
- Ensure compliance with internal policies and external regulatory requirements.

- Provide financial insights to support business growth initiatives in the life science industry.
- Assist in the preparation of presentations for senior management.

Job Offer

- Competitive salary package
- Comprehensive benefits to support your professional and personal needs.
- Opportunities to grow your career in the life science industry.
- Collaborative and professional work culture based in Tokyo.
- Chance to contribute to impactful projects in a large organization.
