【Job Responsibilities】 / 【業務内容】

CADDi is on a mission to Unleash the potential of manufacturing.

Launched in 2022 CADDi DRAWER is a groundbreaking product that uses technologies such as machine learning to structure and link critical design data considered vital in the manufacturing sector. This innovation transforms this data into valuable informational assets. Already we have received significant adoption from leading domestic manufacturing companies and machining firms. In 2023 we expanded our sales efforts to international markets including the United States and Vietnam.

Our vision for the future is to replicate and consolidate manufacturing expertise through technology extending beyond blueprints to achieve holistic optimization across departments and companies. We aspire to transform our customers' workstyles and cultures ultimately driving a revolution in the entire manufacturing industry. To help us shape such a world we are looking for new members to join our team.
