Job Description

Company Overview

JAC is working with a client in the healthcare technology industry, and they are hiring for an Application Support Specialist position.

Job Description

- Provide product application and engineering support for diagnostic and patient monitoring solutions.
- Support customers and the sales team with product-related requirements and inquiries.
- Plan and deliver regular product updates and training to customers.
- Consult on product configuration, solutions, and applications for clinicians, doctors, and biomedical professionals.
- Conduct product demonstrations and educate customers on the features and benefits of the products.
- Assist the sales manager with projects and tender specifications to ensure compliance with requirements.
- Provide end-user training, including planning schedules and preparing training materials.
- Support project delivery and installation, including product settings and configuration.
- Offer technical and service support, including warranty and post-warranty services, preventive maintenance, and product servicing.

Qualifications

- At least 2-3 years of relevant experience in the medical device business.
- Experience with patient monitoring, cardiology, or ventilator-related products preferred.
- Bachelor's degree in science or engineering preferred.
- Excellent communication skills for effective product presentations and troubleshooting.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
