Job Ref: L5FE45

Responsibilities:

- Manage 3PL performance and communications across internal and external stakeholders
- Develop and execute strategies for domestic and international transportation
- Lead logistics operations including customs, warehousing, and SOP implementation
- Optimise inventory accuracy and collaborate with procurement and sales on demand planning
- Partner with cross-functional teams to align logistics strategy with business goals
- Negotiate contracts with suppliers, carriers, and logistics partners ensuring compliance

Requirements:

- Bachelor's degree or above in supply chain management, business administration, or a relevant domain
- More than 10 years of experience in supply chain (trade and fulfilment/distribution leadership role)
- Experience in account management within a B2B and DTC (B2C) setting
- Prior experience in SAP or Oracle is preferred
- Knowledge of supply chain processes (planning, procurement, fulfilment, and local customs and compliance legislation and practical application)
- Understanding of warehouse operations
- Knowledge of warehouse management systems (WMS)
- Proficient in English; professional level Japanese

Company Description

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
