Job Description

A leading pharmaceutical company is seeking a Head of Global Procurement Analytics. The selected candidate will drive the company's procurement data strategy, tools, and reporting to optimise global sourcing decisions.

A leading pharmaceutical company, specialising in innovative research and development to address unmet medical needs worldwide. With a focus on oncology and cardiovascular diseases, they are committed to improving patient outcomes through cutting-edge therapies and strategic partnerships.

Keywords:

Job Ref: MAWEGW

Responsibilities:

- Lead the global procurement analytics strategy and align with leadership objectives
- Collaborate with IT to implement and maintain tools such as Sievo, Power BI, and RPA/AI solutions
- Foster a data-driven culture across procurement functions
- Develop and execute a strategic analytics roadmap for sourcing optimisation
- Provide analytical insights to support category management and sourcing initiatives
- Design and deliver impactful KPI and savings dashboards

Requirements:

- Bachelor's degree or above
- More than 10 years of professional experience
- More than 5 years of experience in procurement, sourcing, or supply chain management
- Experience in managing complex projects
- Knowledge of business processes and data analysis methodologies
- Ability and willingness to travel
- Fluent level English; proficient in Japanese

Company Description

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
