Job Description

???? Site Engineer – Building the Future with a Leading Construction Firm

Are you a driven and detail-oriented professional with a passion for shaping Singapore's skyline? A well-established and forward-thinking construction company is seeking a Site Engineer to join its dynamic team. This is your opportunity to be part of impactful projects that contribute to the nation's housing and infrastructure development.

???? **Location:** Singapore

???? **Employment Type:** Full-time

???? What You'll Be Doing:

- Collaborate closely with the Project Manager to oversee site operations and provide technical support.
- Interpret and ensure construction drawings comply with the latest BCA codes and regulations.

- Supervise site progress and ensure timely delivery of works from subcontractors and suppliers.
- Manage subcontractors and suppliers to ensure smooth project execution.
- Conduct regular site inspections and enforce internal safety and quality standards.
- Attend site meetings and assist in preparatory work.
- Liaise with government agencies to secure necessary permits and clearances.
- Take on ad-hoc duties as assigned by superiors.

???? What We're Looking For:

- Diploma or Degree in Architecture, Civil, Structural, Mechanical, Electrical Engineering, Building Science, Building Management, Building Services Engineering, or Construction Management.
- Minimum 3 years of relevant experience in HDB BTO projects or similar building construction projects.
- Proficiency in AutoCAD, BIM software (e.g., Revit), and Microsoft Project.
- Strong communication and coordination skills.

???? Why Apply?

This is more than just a job—it's a chance to be part of a company known for its commitment to quality, innovation, and professional growth. You'll work on meaningful projects that shape communities, supported by a team that values collaboration and excellence.
