Job Description

This is a great cost accounting opportunity with a global manufacturer known for its history and innovation. Based in Yamanashi, it's perfect for junior candidates-full training is provided, and spoken English isn't required. You'll enjoy a competitive salary and work under a supportive, experienced manager.

Client Details

This is a global technology company with a long-standing reputation for innovation and quality. It provides advanced materials and engineering solutions that power some of the world's most dynamic industries-from automotive to aerospace. With a strong focus on performance and reliability, it's a company where your work truly makes an impact.

Description

- Prepare and analyze cost reports to support financial decision-making.
- Develop and maintain cost accounting systems and controls.
- Monitor and report on manufacturing costs, including labor, materials, and overheads.
- Collaborate with cross-functional teams to identify cost-saving opportunities.
- Ensure accurate financial reporting and compliance with accounting standards.
- Assist in budgeting and forecasting processes for the company.

- Provide insights on variances between actual and budgeted costs.
- Support audits and internal reviews related to cost accounting.

Job Offer

- Competitive salary.
- Opportunities for career growth within the company.
- Comprehensive benefits package and support for professional development.

Required Skills

A successful Cost Accountant should have:

- Experience in cost accounting within the industrial or manufacturing sector would be a plus.
- Strong analytical and problem-solving skills.
- Proficiency in accounting software and tools.
- An ability to work independently and meet deadlines.
- A solid understanding of financial regulations and standards.
- Excellent attention to detail and organizational skills.
- Native level Japanese and conversational English.
