Job Description

Qualifications:

- Education: Bachelor's degree in Electrical Engineering, Telecommunications, Electronics, IT, or a related field.
- Experience: Minimum 2–3 years of experience in technical sales, preferably in telecommunications, electronics, or IT solutions.
- Strong technical knowledge of radio communication systems, radar, networking, and computer systems.
- Ability to understand customer requirements and propose appropriate technical solutions.
- Excellent presentation, communication, and negotiation skills.
- Good command of English (both written and spoken).
- Self-motivated, target-oriented, and able to work both independently and in a team.
- Willingness to travel for customer visits, presentations, and site support.

Responsibilities:

- Identify and approach potential customers in government and private sectors.
- Promote and sell products such as radio telecommunication systems, radar, and IT/networking equipment.
- Conduct technical presentations, and solution proposals to customers.
- Prepare and deliver quotations, tenders, and technical documents in cooperation with the engineering team.

- Maintain strong customer relationships and provide after-sales support in coordination with service engineers.
- Achieve assigned sales targets and contribute to the company's growth.
- Monitor market trends, competitor activities, and provide feedback for business development.
