Job Description

Company Overview

Our client is a tech company specializing in AI-powered automation for visa and travel process optimization.

Job Description

As an AI Product Manager, you'll lead the roadmap and delivery of a secure, scalable platform focused on automation, compliance, and user experience, working closely with both internal teams and government stakeholders.

Requirements:

- 7–10+ years in product management, including 3+ years with AI/ML platforms in regulated industries.
- Skilled in product tools (Jira, Confluence), design thinking, documentation, GTM strategy, and stakeholder collaboration. Fluent in English
- Strong understanding of OCR, NLP, automation workflows, and modern tech stacks.
- Experienced in delivering large-scale projects with government or enterprise clients.
