Job Description

Location: 100% onsite at client office in Tokyo

Language Requirements:

- **Japanese:** Fluent/Advanced (Native level or JLPT N1)
- **English:** High Intermediate or above (TOEIC 650+ preferred)

Key Responsibilities

- Lead and manage a Deskside Support team to ensure timely and effective resolution of technical issues.
- Mentor team members and foster a culture of service excellence and continuous improvement.
- Allocate resources efficiently and manage team workload and priorities.
- Oversee support for end-user computing devices and software (Windows, macOS, mobile devices, printers, MS

Office, remote access, video conferencing, VDI).

- Provide hands-on technical guidance and recommend solutions for complex issues.
- Support hardware lifecycle activities including provisioning, monitoring, re-imaging, and retirement.
- Conduct random audits on ticket quality and provide feedback to team members.
- Ensure adherence to company policies, safety regulations, and cleanliness standards.
- Maintain compliance with security and confidentiality protocols.
- Track and monitor incidents using ITSM tools (e.g., ServiceNow).
- Perform root cause analysis and trend identification for recurring issues.
- Drive continuous improvement in support processes and documentation standards.
- Create and maintain knowledge base articles.
- Develop onboarding and training programs including mentorship and job shadowing.
- Guide the team in using tools such as Active Directory, SCCM, JAMF, and ARS.
- Lead system administration efforts and support AV conferencing and live streaming technologies.
- Communicate technical concepts clearly to executives and stakeholders.
- Address escalations and ensure resolution of executive-level issues.
- Ensure team is prepared to perform physical tasks such as device moves and box handling.

Required Skills

- Bachelor's degree in Computer Science or a related field (or equivalent experience with +2 additional years in IT support).
- Leadership training or certifications are a strong advantage.
- Minimum of 7 years of experience in Deskside Support, with at least 3 years in a leadership or team lead role.
- Strong expertise in supporting both macOS and Windows platforms.
- Proficient in Microsoft Office applications, especially Outlook.
- Solid Tier 2+ networking knowledge, including VLANs, DHCP, and DNS.
- Experience managing support operations in a large, global enterprise environment.
- Proven track record of delivering high-quality technical support to executive-level stakeholders.
