Job Description

We are seeking a skilled Mobile iOS Developer to join a leading technology team in the retail industry. This temporary position is based in Setagaya and focuses on creating high-quality mobile applications for a seamless user experience.

Client Details

The employer is a large organization operating in the retail industry, renowned for its innovative approach to technology and customer-centric solutions. With a strong presence in Setagaya, the company fosters a forward-thinking environment dedicated to delivering excellence in every aspect.

Description

- Design, develop, and maintain iOS mobile applications for retail-focused projects.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Ensure the performance, quality, and responsiveness of applications.
- Identify and fix bugs to improve application performance.

- Maintain code quality, organization, and automation processes.
- Keep up to date with the latest iOS development trends and technologies.
- Conduct testing and troubleshooting for seamless user experiences.
- Provide technical expertise and recommendations to improve mobile app functionality.

Job Offer

- Opportunity to work with cutting-edge technologies in the retail industry.
- Temporary role with a focus on meaningful and impactful projects.
- Collaborative and innovative workplace culture.

If you are passionate about mobile iOS development and eager to contribute to the retail industry, we encourage you to apply for this exciting opportunity!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Tianhong Han on +813 6832 8977.

Required Skills

- Proficiency in Swift and Objective-C programming languages.
- Experience in developing and deploying iOS mobile applications.
- Knowledge of iOS frameworks and design principles.
- Strong problem-solving and debugging skills.
- Ability to work collaboratively in a team-oriented environment.
- Attention to detail and a commitment to delivering high-quality work.

Company Description

Our Client is one of the largest E-Commerce IT company in Japan
