The Procurement Staff, reporting to the Senior Manager of Procurement and Supplies Section, will be responsible for the

procurement of goods, construction and facility-related contracts and services and related duties.

The Procurement and Supplies Section of the Financial Management Division is responsible for the procurement of goods and services such as research equipment, materials, and office supplies. As a university that receives most of its operating funds from public sources, we are accountable to the taxpayers, so we work hard every day to ensure that our procurement processes are efficient and timely, in addition to complying with laws, regulations, and rules, as befits a world-class university.

#### Responsibilities:

1. Confirmation of purchase requests, placing orders with vendors, contract decisions (including handling of English contract documents)
2. A series of administrative procedures related to competitive bidding, non-competitive contracting and includes handling of contracts in English
3. Responding to accounting inspections and various audits, and preparing reports related to procurement
4. Maintenance and revision of procurement-related rules and regulations
5. Management and operation of electronic bidding system
6. Operation and input of accounting system
7. Management and operation of the university's insurance program
8. Other related work

In the future, the successful candidate will be transferred to a budget or accounting related position within the Financial Management Division.
