Job Description

About the company

A leading AI company dedicated to developing and delivering advanced AI-powered solutions, including a corporate generative AI platform leveraging LLMs for enhanced communication, an AI tool for generating meeting minutes, an agent to support advertising operations, and more - all designed to improve business efficiency and productivity.

This is an exciting opportunity to support the rapid growth of a leading business in the AI industry from an accounting/finance perspective, with the chance to use the latest cloud accounting systems and AI tools.

Responsibilities

- **Daily accounting tasks** such as journal entries, accounts receivable and payable, processing payments, issuing invoices etc
- **Monthly financial closing** tasks such as preparation of management accounting materials, collection of SaaS

metrics, closing journal entries etc

- **Financial reporting support** including preparing financial statements and preparing materials for board meetings
 - **Tax returns, audit support, business improvement proposals etc.**
-

Required Skills

Requirements

- Minimum 3 years of hands-on accounting experience
- Skilled in monthly and annual closing
- Experience in using accounting systems
- Nissho Bookkeeping Level 2 or equivalent
- Individuals who can balance speed in a fast-growing, changing environment with accuracy, attention to detail, and strong analytical skills

Desired skill

- Experience working in an accounting role within an IT company, SaaS company, or a similar environment
-
