Job Description

COMPANY OVERVIEW

A fast-growing international technology company operating in the eCommerce sector, providing a comprehensive platform for global sellers. The company focuses on empowering online businesses through advanced automation, scalable infrastructure, and integrated technology solutions that serve millions of users worldwide.

JOB RESPONSIBILITIES

- Product orientation and strategy analysis based on customer needs, market trends, and internal departments within the company.
- Progress management, including timeline adjustments and milestone tracking throughout the product development process.
- Operational cost and risk management during the product development project.
- Team operation and coordination, including supervising execution and facilitating collaboration among team members.

- Business analysis and feature development direction, focusing on strategic system enhancements for the company.
- Stakeholder communication, acting as a bridge between the development team, customers, and other involved parties.
- Documentation development, including user guides, technical documentation, and business process workflows for the software development team.
- Expectation alignment, conveying project content and supporting team members and project managers to clarify customer expectations.

JOB REQUIREMENTS

- University degree or higher in Information Technology, Business Data Analysis, or related fields in e-commerce data analysis.
- At least 2 years of experience in a PO (Product Owner) or BA (Business Analyst) role.
- Familiar with tools such as Google Analytics, BI, or other related platforms.
- Strong knowledge of e-commerce business operations is a plus.
- Preference for candidates with experience in analytical modeling.
- Good teamwork, communication, and presentation skills.

BENEFITS

- Salary: Negotiable
- Annual performance review
- Open and transparent company culture where everyone is encouraged to give feedback and share ideas.
- Career development consultation and personal growth support.
- Full benefits and allowances including:
 - 13th-month salary
 - Monthly OKR bonus
 - Holiday bonuses, seniority bonuses
 - 12 annual leave days
 - Other welfare and allowances
 - Social insurance, health insurance, unemployment insurance
- Free parking in the building
- Free beverages in the company's common area
- Provided with desktop computer and necessary office supplies
- Internal activities: annual company trip, quarterly teambuilding, monthly birthday celebrations
- Participation in company clubs: Yoga, Pickleball, Badminton, Football, etc.
