Job Description

Product Manager – Technology & Cloud Solutions

A growing technology solutions provider is looking for a Product Manager to lead initiatives in CCTV and cloud-based IT resources. This role is ideal for someone with a strong grasp of product lifecycle management, market strategy, and stakeholder engagement.

???? East Region, Singapore

???? Full-Time

What You'll Be Doing

- Develop and execute go-to-market strategies for product launches and marketing initiatives.
- Drive recurring revenue opportunities through strategic product planning.
- Serve as the key liaison between internal teams and external partners to align business goals.
- Shape product vision based on market insights and user needs.
- Communicate product strategy and roadmaps to stakeholders across departments.
- Identify new market opportunities through collaboration and research.

- Support marketing efforts with strategic planning and campaign execution.
- Promote product adoption among system integrators and end-users.

What We're Looking For

- Degree or Diploma in Information Technology or a related field.
- 2–3 years of experience in product management or IT-related roles.
- Passionate about emerging technologies and IT trends.
- Strong strategic thinking and business acumen.
- Excellent organizational skills and ability to manage projects under tight timelines.
- Comfortable working in a fast-paced, dynamic environment.
