Job Description

A multinational cosmetics and beauty products company is looking for a Supply Planner. The selected candidate will oversee supply planning operations to ensure product availability, optimise service levels, and manage stock quality and costs effectively.

This company is a respected name in cosmetics and beauty products, in addition to being very active in various research fields. With tens of thousands of employees around the world, this company is firmly established as an industry leader.

Keywords:

サプライチェーン, 需要計画, 在庫管理, 供給計画, 生産計画, 需要予測, プロセス改善, 求人, 外資系

Responsibilities:

- Fix supply parameters aligned with stock and service policies
- Consolidate and analyse global demand variations to support accurate forecasting
- Perform supply planning and analyse projected stock equations on a monthly and weekly basis
- Align demand and supply through proactive process management
- Assess low and excess stock situations and develop solutions with commercial teams
- Build global supply plans based on validated forecasts, promotion plans, and procurement parameters
- Manage and monitor the replenishment process to ensure timely supply execution
- Reduce shortages by identifying root causes and defining corrective action plans
- Set supply priorities with international suppliers
- Monitor stock levels and manage inventory in line with objectives
- Analyse obsolete and slow-moving stock and implement action plans
- Build budgets and stock trend reports and publish Key Performance Indicators (KPIs)

Requirements:

- 3-5 years of experience in supply chain planning, preferably in supply or production planning
- Proven experience in numerical analysis with an engineering, math, or scientific background strongly recommended
- Prior SAP experience preferred
- Professional level Japanese; business level English

Company Description

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
