Job Description

COMPANY OVERVIEW

A global leader in advanced photonic solutions, delivering innovative technologies in sensing, detection, imaging, optics, and specialty illumination. Our solutions serve a wide range of industries including life sciences, aerospace & defense, industrial automation, semiconductors, medical devices, and safety & security.

JOB RESPONSIBILITIES

We are seeking a **hands-on and detail-oriented Assembly Technician** to join our dynamic manufacturing team. This role is ideal for someone who thrives in a fast-paced, process-driven environment and is passionate about quality, precision, and continuous improvement.

- Perform mechanical, electrical, and optical assembly and testing.
- Operate and maintain vacuum systems.
- Conduct bulk and intricate cleaning of parts and assemblies.
- Handle packing and documentation of products.

- Maintain accurate electronic records and process data.
- Collaborate with leadership to optimize processing times.
- Train fellow employees in accordance with company standards.
- Uphold high standards of safety, quality, and cleanliness.
- Support continuous improvement initiatives and new product introductions.
- Be adaptable and willing to rotate across departments as needed.

JOB REQUIREMENTS

- GCE 'N' Level or Technical Certificate and above.
- Prior experience in a manufacturing or process-driven environment.
- Strong attention to detail and accuracy.
- Competent in data entry using spreadsheets or process control systems.
- Comfortable using test equipment and eager to learn new tools.
- A proactive mindset with a drive for efficiency and improvement.
- A team player who communicates effectively and works well in cross-functional teams.
