Job Description

A Global Retail firm is looking for a Lead Frontend Engineer (Vue & React)

A Global Retail firm is looking for a **Lead Frontend Engineer (vue & react)**.

You will work on a variety of projects, from maintaining and improving existing Vue.js applications to building new, high-performing React/Next.js interfaces for modern web platforms.

You'll collaborate closely with backend, mobile, and QA teams to deliver clean, scalable, and maintainable front-end solutions while continuously improving our architecture and performance standards.

Responsibilities:

- Develop, maintain, and enhance web applications using Vue.js (Nuxt.js) and React (Next.js)
- Collaborate with product managers, designers, and backend engineers to implement intuitive and responsive user interfaces
- Ensure consistency, accessibility, and performance across browsers and devices
- Write clean, testable, and modular code following modern JavaScript standards (ES6+)
- Implement and maintain unit and integration tests for frontend components
- Participate in code reviews, providing constructive feedback to peers
- Optimize builds and CI/CD workflows for efficient deployments
- Leverage AI-assisted tools to enhance code quality, speed up debugging, and improve productivity
- Stay up to date with modern frontend technologies, trends, and best practices

Why should you apply:

- Opportunity to work for an exciting & international company
- Utilize Vue & React knowledge to focus on Frontend development
- Good base salary + transport, overtime and hybrid WFH workstyle

Company Details:

A global real estate space-sharing firm founded in 2010 with the vision to build beautiful office spaces where people and companies come together to get inspired and do their best work. Since opening our first location in New York City, we've grown into a global network of intentionally designed workspaces grounded in community. Today, we're constantly reimagining how space, technology, and community can help everyone—from freelancers to Fortune 500s—get more out of their workday.

Working Hours: 09:00 - 18:00 Mon-Fri

Working Style: Hybrid (2-3 days in office, other WFH)

Holidays: Saturday, Sunday, and National Holidays, Year-end and New Year Holidays, Paid Holidays, Other Special Holidays etc

Services/Benefits: Skillhouse provides a generous benefits plan including annual paid vacation, paid transportation, pension, healthcare, unemployment and disability insurance contributions, training opportunities, test pay back programs etc.

Required Skills**Required Skills:**

- 4+ years of professional frontend development experience
- Strong proficiency in both Vue.js (Nuxt.js) and React (Next.js)
- Deep understanding of modern JavaScript (ES6+), HTML5, and CSS3
- Experience with frontend testing frameworks (e.g., Jest, Vitest, Cypress)
- Familiarity with RESTful APIs and JSON-based integrations
- Experience using Git and working in Agile development teams
