Job Description

Job Vacancy: Technical Manager – Automotive

Our client is a globally recognized Western automotive brand committed to innovation, quality, and operational excellence. As we expand our footprint in Vietnam, we're looking for a skilled Technical Manager to lead technical operations and support our manufacturing growth.

Key Responsibilities:

- Lead and manage technical aspects of automotive manufacturing processes
- Ensure product quality and process efficiency across production lines
- Collaborate with global teams (US, Europe, etc.) for technology transfer and process alignment
- Drive continuous improvement initiatives and support plant operations

- Provide technical leadership and training to local teams
- Act as a key communication bridge between internal teams and external stakeholders

Qualifications:

- Bachelor's degree in Engineering or related field
- 5+ years of experience in automotive manufacturing or technical management
- Strong understanding of production processes, quality systems, and technical problem-solving
- Excellent communication skills in English
- Experience working with international teams and cross-cultural environments
- Proven leadership and team management abilities

Preferred Skills

- Experience with US/China/Vietnam manufacturing transitions
- Familiarity with global automotive standards and practices
- Strong analytical and organizational skills
- Location: From Hanoi, with frequent travelling
- Employment Type: Full-time
