Job Description

Company and Job Overview

A major Japanese manufacturer of automated food processing machinery is looking for a Technical Adviser (m/f/d)

Job Responsibilities

- Installation of the machine that we sell to the customer.
- Instruction of the machine on the customer's site, including the foreign countries.
- General customer service, including by telephone call.
- Preparing the quotations for the customer.
- Production test at our laboratory.
- Managing the ingredients and the equipment including our Machine in the laboratory (Cooperating with the other

staff).

- Planning and execution of in-house Messe, the exhibition and other presentation.
- Incidental work with the above items.

Job Requirements

- The knowledge of bread making as well as machines.
- Experience in the food industry is a plus.
- Fluent German and English. Other languages are preferred
- Business trips occur relatively frequently.
