## Job Description

Our client is a Malaysian manufacturing company specializing in delivering integrated renewable energy and infrastructure solutions. With 25 years of proven expertise, their capabilities extend through advanced electronics manufacturing and strategic industrial park development. Join them and be a part of an ever-growing team!

## Job Descriptions

- Overseeing manufacturing and assembly processes.
- Ensure "Housekeeping" to vital machines components is carried out after each shift.
- Consistently review employees and their equipment to determine where to make enhancements.
- Communicate regularly with Production Manager regarding problems or issues impacting production.
- Ensure compliance with all safety and health regulations and standards are met to keep organization accident free.
- Motivate, support, provide guidance and train production staff.

## Job Requirements

- High school diploma or equivalent with min 5 years' experience in a manufacturing or production environment of which 3 years in modules line production and assembly lines or similar technical field.
- Competency in computerized management systems like MES, SAP or similar.
- Exceptional interpersonal and communication skills with focus on standardizing processes and compliance.
- Strong knowledge of Health & Safety regulations and practices.
