Job Description

«Job Description & Position Highlights»

- Consulting services covering ERP requirements definition through design and implementation support
- A bilingual Japanese-English environment enabling collaboration with overseas teams to enhance proposal development and coordination skills
- Growth opportunities to acquire aerospace industry knowledge while autonomously delivering results
- Flexible work style enabling primarily nationwide remote work with occasional business travel as needed

[Job Responsibilities]

- Conduct client requirements gathering, business process analysis, and solution design using a consultative approach.

- Configure and customize ERP systems (such as SAP, Oracle, Infor, IFS, etc.) based on client requirements.
- Depending on experience, lead project activities or support the Project Manager in progress tracking, issue management, and communication.
- Act as a bridge between Japanese clients and overseas consultants, ensuring effective bilingual communication.
- Support user training, testing, and system go-live activities.

【Employment Type】

Full-time, Permanent Employee

【Salary】

Based on experience and skill level

【Working Hours】

In accordance with company regulations

【Work Location】

Anywhere in Japan (remote work is standard).

*Occasional on-site work or business travel to client locations may be required.

【Holidays & Leave】

Required Skills**Qualifications****【Required】**

- Experience implementing enterprise ERP systems (e.g., SAP, Oracle, Infor, IFS).
- Either ERP implementation experience or industry experience is acceptable.
- Strong communication skills in both Japanese and English (English required for coordination with overseas teams).
- Excellent interpersonal and client-facing communication abilities.
- Strong business acumen and the ability to "sell" your ideas and value effectively.
- Driver's License

【Preferred Experience】

- Experience in the aerospace or defense industry, particularly in aviation maintenance or MRO operations, is highly valued.
- JLPT N1
- Business English Level

【Ideal Candidate】

- Passionate about learning the aerospace and defense industry, even without prior experience.
- Enjoys working in a fast-paced, entrepreneurial environment where autonomy and accountability are key.
- Self-driven professional who can manage their own work and deliver high-quality results with minimal supervision.
- Interested in working broadly across multiple functions in a small, growing company.
