### Job Description

A world-renowned Life Insurance company is looking for a **Quality Assurance, Manager**.

**Responsibilities:**

- Manage QA delivery across multiple projects and estimate testing efforts
- Lead daily stand-ups, defect triage, and coordinate with cross-functional teams
- Monitor and report test progress, quality, and completion to management
- Mentor and develop team members, ensuring best practices and growth plans
- Optimize resource utilization within budget and timelines
- Address delays, resolve technical issues, and ensure entry/exit criteria are met before Go Live
- Implement structured defect management and incident reporting
- Track and report testing activities, coverage, defects, and performance metrics
- Define and execute all testing phases: Functional, Integration, Regression, and UAT support
- Document defects and provide data for quick resolution
- Review change requests and assess impact on test plans
- Maintain and enhance automation frameworks; create manual and automated scripts
- Ensure configuration management and traceability of test artifacts
- Promote QA standards, best practices, and continuous improvement through automation
- Identify automation opportunities, select tools, and train the team

**Why should you apply:**

- 3,000-employee global firm environment
- Collaborative culture with smart people in a fast-growing company
- Hybrid working location and flexible work policies and strong work-life balance.

**Company Details:** One of the largest insurance companies in North America and the 28th largest fund manager in the world based on assets under management (AUM) by global institutional investors. It boasts an exciting, international environment with excellent benefits and work-life balance.

**Working Hours:** 9:00 - 17:00 (Mon-Fri)

**Working Style:** Hybrid (2 days of remote work per week)

**Holidays:** Saturday, Sunday, and National Holidays, Year-end and new year holidays (December 30, December 31, January 2 and January 3), Annual Paid Holiday. For Regular employee, other special holidays are available (e.g. Anniversary Leave, etc.)

**Services/Benefits:** Social Insurance (Health Insurance, Employees' Pension, Unemployment Insurance, Worker's Accident Insurance), Benefit One, Training system (include Japanese lesson / English lesson), Childcare Leave/Family care Leave, Baby-sitter support program, wiwiw System (Support program for those who take Childcare Leave), Retirement Pension

---

Required Skills

**Required Skills:**

- Extensive hands-on experience as a QA/Test Manager, collaborating across development, product, and business teams
- Strong knowledge of SDLC (Waterfall/Agile), cloud technologies, test methodologies, automation frameworks, and API testing
- Excellent stakeholder management and a track record of delivering projects on time
