### Job Description

**OVERVIEW**

A global telecommunication and radio technologies provider with advanced systems and solutions in a variety of product lines in diverse industries. Now expanding their business in DACH countries.

**KEY REQUIREMENTS:**

- Experience in sales or business development with a proven track record in the Two-Way Radio Communication, DMR, Antenna, or Tetra technology
- Business level in German and English communication skills

**JOB RESPONSIBILITIES:**

- This position works closely with sales and technical departments to deliver informative technical presentations and advice to prospective clients.
- Understand client requirements and provide tailored product solutions.
- Support business expansion and development in targeted areas: Germany, Austria, and Switzerland (DACH).
- Demonstrate products and support smooth implementation by working with clients on integration and technical training.
- Provide technical training to clients as well as identify training requirements to support internal and external stakeholders' product knowledge.
- Create training playbook and materials.
- Participate in exhibitions, trade shows, and industry networking events.
- Build and maintain strong relationships with clients.

#### JOB REQUIREMENTS:

- At least 3 years of experience in Radio Frequency, Antenna, Wireless solutions, DMR, or related fields.
- Obtained technical education in Electrical, Electronic, or Telecommunication Engineering
- Able to travel in the assigned areas (DACH) and other countries in EU

#### BENEFITS:

- 100% Remote work
- 25 days of annual leave
- Car allowance 400€ per month (Gasoline included)
- 13th month of salary
- Additional health insurance
- Laptop and mobile phone will be provided
