Job Description

【求人No NJB2351319】

■Mission:

Own and drive the company's financial planning performance management and management control processes to enable fast data driven decision making as the business scales.

■Key Responsibilities:

<Financial Planning Performance Management>

- ・ Lead annual budgeting and rolling forecast processes
- ・ Own monthly budget vs. actual (BvA) analysis and variance explanations

- Prepare financial outlooks and landing forecasts

<Management Reporting Decision Support>

- Design and manage key financial and operational KPIs
- Prepare materials for management meetings and board discussions
- Translate financial data into actionable insights for leadership

<Cross functional Collaboration>

- Partner with department leaders to support planning cost control and prioritization
- Act as a finance business partner to R D Operations and corporate teams
- Support decision making related to hiring plans investments and resource allocation

<Finance Organization Development>

- Build and improve FP A processes templates and reporting frameworks
- Contribute to the development of a scalable and repeatable Finance structure

■Report to CEO

Required Skills

■Must have:

- Bachelor's degree (Finance Accounting Economics Business Administration or a related field)
 - 5+ years of experience in FP A management accounting or corporate finance
 - Strong experience in budgeting forecasting and variance analysis
 - Ability to work with ambiguity in a growing organization
 - Excellent communication skills to work with non finance stakeholders
 - Fluent in English and Japanese
-
