Job Description

COMPANY OVERVIEW

My client is a global leader in advanced optical, imaging, and measurement technologies, this organization drives innovation across life sciences, clinical research, and industrial applications.

JOB RESPONSIBILITIES

- Play an active role in the ongoing OneStream implementation project, contributing to system integration efforts and supporting process enhancements.
- Oversee OneStream-related consolidation tasks, including gathering reporting packages, reviewing financial submissions from subsidiaries, preparing elimination and adjustment entries, and working closely with subsidiary finance teams to ensure compliance with IFRS standards.
- Lead initiatives to streamline and enhance group-wide consolidation activities, improving accuracy and efficiency in financial reporting.
- Assist in the separation of business units by preparing BU-specific trial balances within the consolidation system and performing business unit-level consolidation.
- Support the OneStream rollout to enable accurate management reporting, playing a key role in the FP&A

- transformation journey and strengthening financial processes.
- Promote a strong team culture focused on technical excellence, collaboration, and knowledge sharing across functions.
- Perform additional tasks or projects as assigned by the Supervisor.

JOB REQUIREMENTS

- Strong knowledge of IFRS and global accounting and consolidation standards.
 - Proven experience in consolidation accounting within multinational organizations.
 - Hands-on experience with EPM systems such as OneStream, and proficiency in SAP.
-
- Demonstrated leadership qualities and a commitment to high performance.
 - Experience in financial system implementations and process improvement initiatives.
