Job Description

COMPANY OVERVIEW

Our client is a well-established Singapore-based design and build specialist, delivering creative spatial design, exhibitions, events, and experiential marketing solutions.

JOB RESPONSIBILITIES

- Collaborate closely with the creative team, sales, and project owners/managers to conceptualise and design compelling experiences
- Lead the design process from ideation to execution, translating conceptual ideas into visually stunning and functional 3D designs
- Create detailed 3D renderings that effectively communicate design concepts and narratives
- Utilise a deep understanding of design principles, spatial layouts, and user experiences to create immersive environments that resonate with target audiences

- Stay current with industry trends, emerging technologies, and best practices in 3D design, ensuring innovative and cutting-edge solutions
- Participate in client presentations, articulating design concepts, and incorporating feedback to refine designs effectively
- Collaborate with cross-functional teams, including graphic designers, technical advisers, and draftsmen to ensure seamless integration of design elements

JOB REQUIREMENTS

- Diploma or degree in 3D design, industrial design, architecture, or a related field
- Minimum 2 years of professional experience in 3D design, with a strong portfolio showcasing exceptional spatial and exhibition design projects
- Proficiency in industry-standard design software, including but not limited to, AutoCAD, SketchUp, Adobe Creative Suite, Rhino, V-Ray, and other relevant tools
