### Job Description

#### Company and Job Overview

Japan's No.1 trading company in machine tools and tooling is looking for a Sales Manager / Account Executive (Machine Tools & Industrial Equipment) in Stuttgart.

#### Job Responsibilities

Own and grow sales for our machine tools portfolio across Germany, with potential expansion to neighboring countries. You will manage end user and distributor, drive new business, and act as the subject-matter expert for machine tools. This is a middle, German-native (or equivalent) client-facing role in a 4–5 person sales team, reporting to the Section manager.

- Develop and execute account plans for machine tools across Germany; expand to neighboring countries in the mid-term.
- Prospect and close opportunities with end user and sub distributor (SMEs incl. automotive tier-suppliers).
- Lead customer meetings (onsite/online), requirement gathering, solution proposals, quotations, and contract close.

- Coordinate with Japanese manufacturers on pricing, lead time, specs; manage AG/distributors where applicable.
- Prepare and deliver demos/exhibitions; support pre- and post-sales activities with Application Engineering.
- Maintain accurate pipeline, forecast, and KPIs aligned to revenue/gross margin targets.
- Close communication with Sales coordinator and engineering department.

### **Job Requirements**

#### Must Have

- Native-level German and business-level English; strong written and verbal communication.
- Appx. 5 years of B2B sales experience in machine tools / cutting tools / industrial equipment; strong industry knowledge.
- Proven track record with manufacturing customers in Germany.
- Valid driver's license and willingness to travel on short trips within the region.
- Cultural fit with a Japanese-headquartered company and a local, multicultural team.

#### Nice to Have

- Experience selling CNC Lathe, CNC milling machine or similar machine tools; degree in Mechanical Engineering or equivalent technical background.
- Experience working with agents/distributors (AG) and managing supplier relationships.
- Familiarity with Incoterms, export/import basics, and exhibition operations.
