Job Description

The Oracle EBS Finance Techno-Functional Consultant is responsible for delivering end-to-end solutions within Oracle E-Business Suite (EBS) financial modules. This role combines technical skills with functional expertise to support, enhance, and optimize financial workflows and business processes.

Required Skills

Key Responsibilities & Skills

- At least 8-10 years of experience in Oracle EBS
- Analyze business requirements and translate them into Oracle EBS financial module configurations and customizations.
- Design, develop, and implement technical solutions, including reports, interfaces, and extensions within Oracle EBS.
- Support and troubleshoot Oracle EBS finance modules (AP, AR, GL, FA, PO), ensuring smooth operation and resolving issues promptly.
- Work closely with business stakeholders, end-users, and IT teams to deliver enhancements and new functionalities.
- Perform gap analysis, fit-gap assessments, and provide recommendations for process improvements.
- Develop and execute test plans for new functionalities and system upgrades.
- Document technical specifications, functional requirements, and user guides.
- Provide training and support to end-users on Oracle EBS finance modules.
