Job Ref: NLQFIQ

Responsibilities:

- Manage warehouse and transportation operations (3PL) to ensure efficient and high-quality service
- Develop and implement cost-efficient logistics and distribution strategies
- Monitor KPIs and drive continuous improvement initiatives across logistics functions
- Lead and coach a team to foster engagement, performance, and career growth
- Oversee customs, haulage, and inbound logistics processes for compliance and efficiency
- Coordinate with regional teams to align on distribution roadmaps and best practices
- Drive customer experience initiatives through effective logistics management
- Ensure compliance with regulations and manage regular audits

Requirements:

- Bachelor's degree or above in logistics, supply chain, operations management, or related field
- More than 7 years of experience in distribution, warehousing, and transportation management
- Proven experience in people management and stakeholder collaboration
- Proficient in logistics cost management, KPI tracking, and project management
- Fluent level Japanese and English

Company Description

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
