Job Description

Company Overview: Excellent opportunity with a leading Japanese MNC trading firm in a diverse portfolio that includes metal recycling, chemical procurement, and Facility Management.

Job Location: Bangalore –WTC (Frequent travel across South and West India)

Essential Responsibilities -

Strategy & New Business Development

- Support development of new B2B service models in facility management, lifestyle services and employer health management.
- Conduct market research and opportunity assessment for emerging lifestyle and healthcare service platforms.
- Identify, evaluate, and support partnership opportunities with operators, developers, hospitals, insurers, and service providers.

Investment, Financial Analysis & Project Execution

- Conduct financial analysis, business case preparation, and investment evaluation for new initiatives.
- Support joint venture structuring, commercial discussions, and transaction execution planning.
- Coordinate cross-functional initiatives involving legal, finance, operations, and global stakeholders.
- Track project milestones and support execution from concept approval through implementation.

Stakeholder & Partner Management

- Build and maintain strong relationships with external partners across Tier-1 and emerging Tier-2 markets.
- Work closely with internal leadership and global teams to ensure strategic alignment.
- Facilitate communication and coordination between internal teams and external stakeholders to ensure timely execution.

Field Engagement & Market Intelligence

- Travel frequently across South and West India to support partner engagement and on-ground project development.
- Gather market and field insights to refine business strategy, operating models, and rollout plans.
- Support pilot projects and initial operational setup of new service platforms.
